# HYBRID EVENTS

## WHAT EXACTLY IS A HYBRID EVENT?

A hybrid event is a tradeshow, conference, seminar, workshop or other meeting that combines a “live” in-person event with a “virtual” online component.

## WHY?

Physical conferencing may be a challenge for larger events due to social distancing measures currently in place. Hybrid events can range from small boardroom meetings to large-scale conferences with hundreds of attendees.

1. Delegates to the virtual event have the option to experience the event and its content online rather than gathering in-person.
2. Our Hybrid Event set up will allow for presenters or speakers to present live on screen from the hotels conference room and share presentations with viewers.
3. We can guarantee an exceptionally high-quality connection and sound provided by our AV partners who will be on site to manage the technical aspects. Your event will be seamless and ultra-professional with a wide variety of backdrops suited to your event.
4. In this post Covid world we are trying to adapt to the 'new normal'. Lots of companies are concerned over hosting events especially if there are potentially 100's of attendees. Instead of cancelling the event completely a Hybrid Event allows you the host your event in a safe and efficient manner by experts who can guarantee the smooth running of the event and the health and safety of delegates.

## WHAT ARE THE BENEFITS OF A HYBRID EVENT?

Holding a Hybrid Meeting gives a conference organiser the ability to bring as many delegates as you wish together in a safe environment. At The iNua Collection we understand the changing requirements of conference & event organisers.

Hosting virtual conferences, team planning events or AGM's, we now have the perfect solution; for the guests that attend in person we adhere to all Government guidelines and social distancing requirements, our #CaringForYou guidelines set out the procedures we follow to ensure the safety of your delegates. Our Meeting & Events teams around the country strives to deliver flexible events that will wow your delegates and keep them digitally connected, all from the safety of their homes.

# PACKAGE DETAIL

# FULL DAY MEETING
